ABOUT SPIN JOY

15+ years of
industry
mastery.

Spin Joy Games is a gametech provider founded by seasoned professionals who have shipped award-winning titles for top-tier markets.

We believe the best results come from **reciprocal partnerships** — aligned goals, high output from every title in the operator's lobby.

Content strategy

Character-driven narratives that convert in operator campaigns.

Technical edge

Proprietary RGS engineered for resilience and infinite scale.

Mission

GGR uplift and **joy in every spin** for players and partners.

Proprietary **technology**

Every component built in-house for maximum performance and control.

Proprietary RGS

Remote Gaming Server

Owned engine, no third-party licensing.
Latency-optimized session and round handling.

Aggregation Platform

One contract, many providers

Direct integrations with Spin Joy + partner studios — operators connect once.

Unified API

REST + WebSocket

Single integration: sessions, wallets, rounds, bonuses, reporting. Sandbox & docs included.

Anti-Fraud & Risk

Built-in controls

Real-time fraud detection, per-player limits, RNG-cert ready (on the roadmap for licensed markets).

Bonus & Promo Engine

JSON-driven rules

Free spins, missions, tournaments. Per-market bet limits, RTP thresholds, device tracking.

Real-Time Backoffice

GGR, rounds, spins/h

Dashboards, full transaction history, Telegram & email alerts on anomalies.

Marketing **tools**

Built-in tools to grow GGR on every title.

Free Rounds

Award free rounds on any title through the RGS bonus engine to boost activation and retention.

Free Spins Campaigns

Targeted free-spins promos, configurable per operator and segment, easy to run.

Games Discounts

Promotional pricing and launch deals on selected titles for campaign periods.

Games Pre-Releases

Early access to upcoming titles for partner operators ahead of public launch.

Big Win Campaigns

Prize drops and big-win moments distributed across players in real time.

Seasonal Games

Themed holiday and seasonal releases timed to peak calendars.

Tournaments

In-game tournaments with configurable rules, prizes and auto/manual payouts.

Branded Games Dev

Custom operator-exclusive and co-branded titles built by our studios.

Full Marketing Support

Key art, trailers and co-marketing assets for every release.

PLATFORM & UPTIME

Infrastructure & reliability

Built on AWS, monitored around the clock and sized for launch-day traffic spikes.

• STATUS: ONLINE

99.9%

Uptime guaranteed

AWS Cloud

Auto-scaling for high-traffic events. Global edge delivery.

• SSL Encryption

• DDoS Protection

• Global CDN

• Real-time Monitoring

PORTFOLIO MIX

Game mechanics

70% proven formats players already love. 30% original concepts that stand out in the lobby.

70% Proven formats

Cascades & tumble wins
